

## Focal and Naim present an exclusive hi-fi system: Aria K2 926 & Uniti Star, Ash Grey finish

Focal and Naim present a hi-fi system with exceptional performance and finishes: the new Aria K2 926 loudspeaker & the Uniti Star all-in-one player, Ash Grey finish.

United under the Vervent Audio Group for 10 years now, the two brands embody the very best of French audio and English electronics. Thanks to their unique expertise, they create outstanding, all-round systems for home listening.

### COMPLETE HI-FI/STREAMING SYSTEM

#### Aria K2 926 & Uniti Star Ash Grey

+ a pair of NAC A5 cables (13.12ft/4m)

+ 3 month free subscription to Tidal & Qobuz

£6,799 ; €7 899 ; \$8.999

### ARIA K2 926 & UNITI STAR

Made in France, the new Aria K2 926 loudspeaker is equipped with Focal's iconic K2 Power cone. This aramid fibre cone provides dynamic sound and high power handling, as well as giving the loudspeaker lots of character. Whatever genre of music you like to play, the listening experience speaks for itself.

Made in England, the Uniti Star all-in-one player truly makes the most of the loudspeakers' performance qualities and lets you manage your music simply and smartly across its multiple sources – streaming platforms, CD player, TV, turntable, etc. Stream your music in high-resolution, listen to your CDs and favourite radio stations, access numerous streaming services, improve the sound quality of your television, and all with deep, immersive sound.

### ASH GREY: A STUNNING FINISH

This system is available in an Ash Grey finish, a finish taken from the Utopia line, the jewel in Focal's crown. This is the first time that Aria K2 926 is presented, and with an harmonious Naim all-in-one player making this offer unique and exclusive. Focal and Naim combine their expertise to design all-round, harmonious systems –performance and aesthetics– to enhance the listening experience and create solutions that are unique to the market.

### A COMPLETE OFFER

This special offer includes a pair of high-end NAC A5 cables (157.5"/4m) as well as three months' free access to platforms TIDAL and Qobuz (*new user only*).
